Welcome

“Our child had almost a transformative experience at your camp, and it was everything we could have hoped for. She met up with a long-lost friend and exchanged emails so they can keep in touch now...She navigated the world for 5 days and nights completely without us for the first time. She came home more excited and filled with stories and animated like a normal teenager from pre-COVID days than I have ever seen her. It was a joy to behold. Thank you, thank you, thank you so much for giving our daughter this wonderful experience – her dad and I are very grateful.”

- Parent of a 2022 Summer Camper

OUTDOOR LAB CAMP

The Outdoor Lab offers a week-long science enrichment camp that provides a number of nature-related activities and experiences to Arlington Public School students. Campers sleep outdoors in platform tents and are offered a variety of activities each day, including:

- Animal Exploration
- Boating & Fishing
- Night Walks
- Games & Skits
- Arts & Crafts
- Nature Hikes
- Survival Skills

About Us

The Phoebe Hall Knipling Outdoor Laboratory is a 231-acre facility in Fauquier County that provides a natural classroom for Arlington Public School (APS) students. It has a spring-fed stream, a pond, hiking trails, and an Animal Lab.

Annually, the Lab provides hands-on outdoor and environmental education to more than 10,000 APS students from elementary grades through high school.

The Outdoor Lab educational program is operated and staffed by APS, while the property is owned and managed by the nonprofit Arlington Outdoor Education Association (AOEA).

Registration

Parents may apply for their student to attend camp by completing a short Google Form (link will be activated at 6:00 p.m. on March 4, 2024).

Applications will be accepted on a first come-first served basis until Monday April 15, or until a session is full.

Applications received after a session is full will be placed on a wait list.

How Do I sign up?

Registration
Opens @ 6 p.m.
